

OUR YEAR IN REVIEW

2025

Swipe to see how we scaled and what we deployed this year!

A year of **AI in business**

This year we partnered with

11

clients

across 9 countries (EU & US)

and delivered

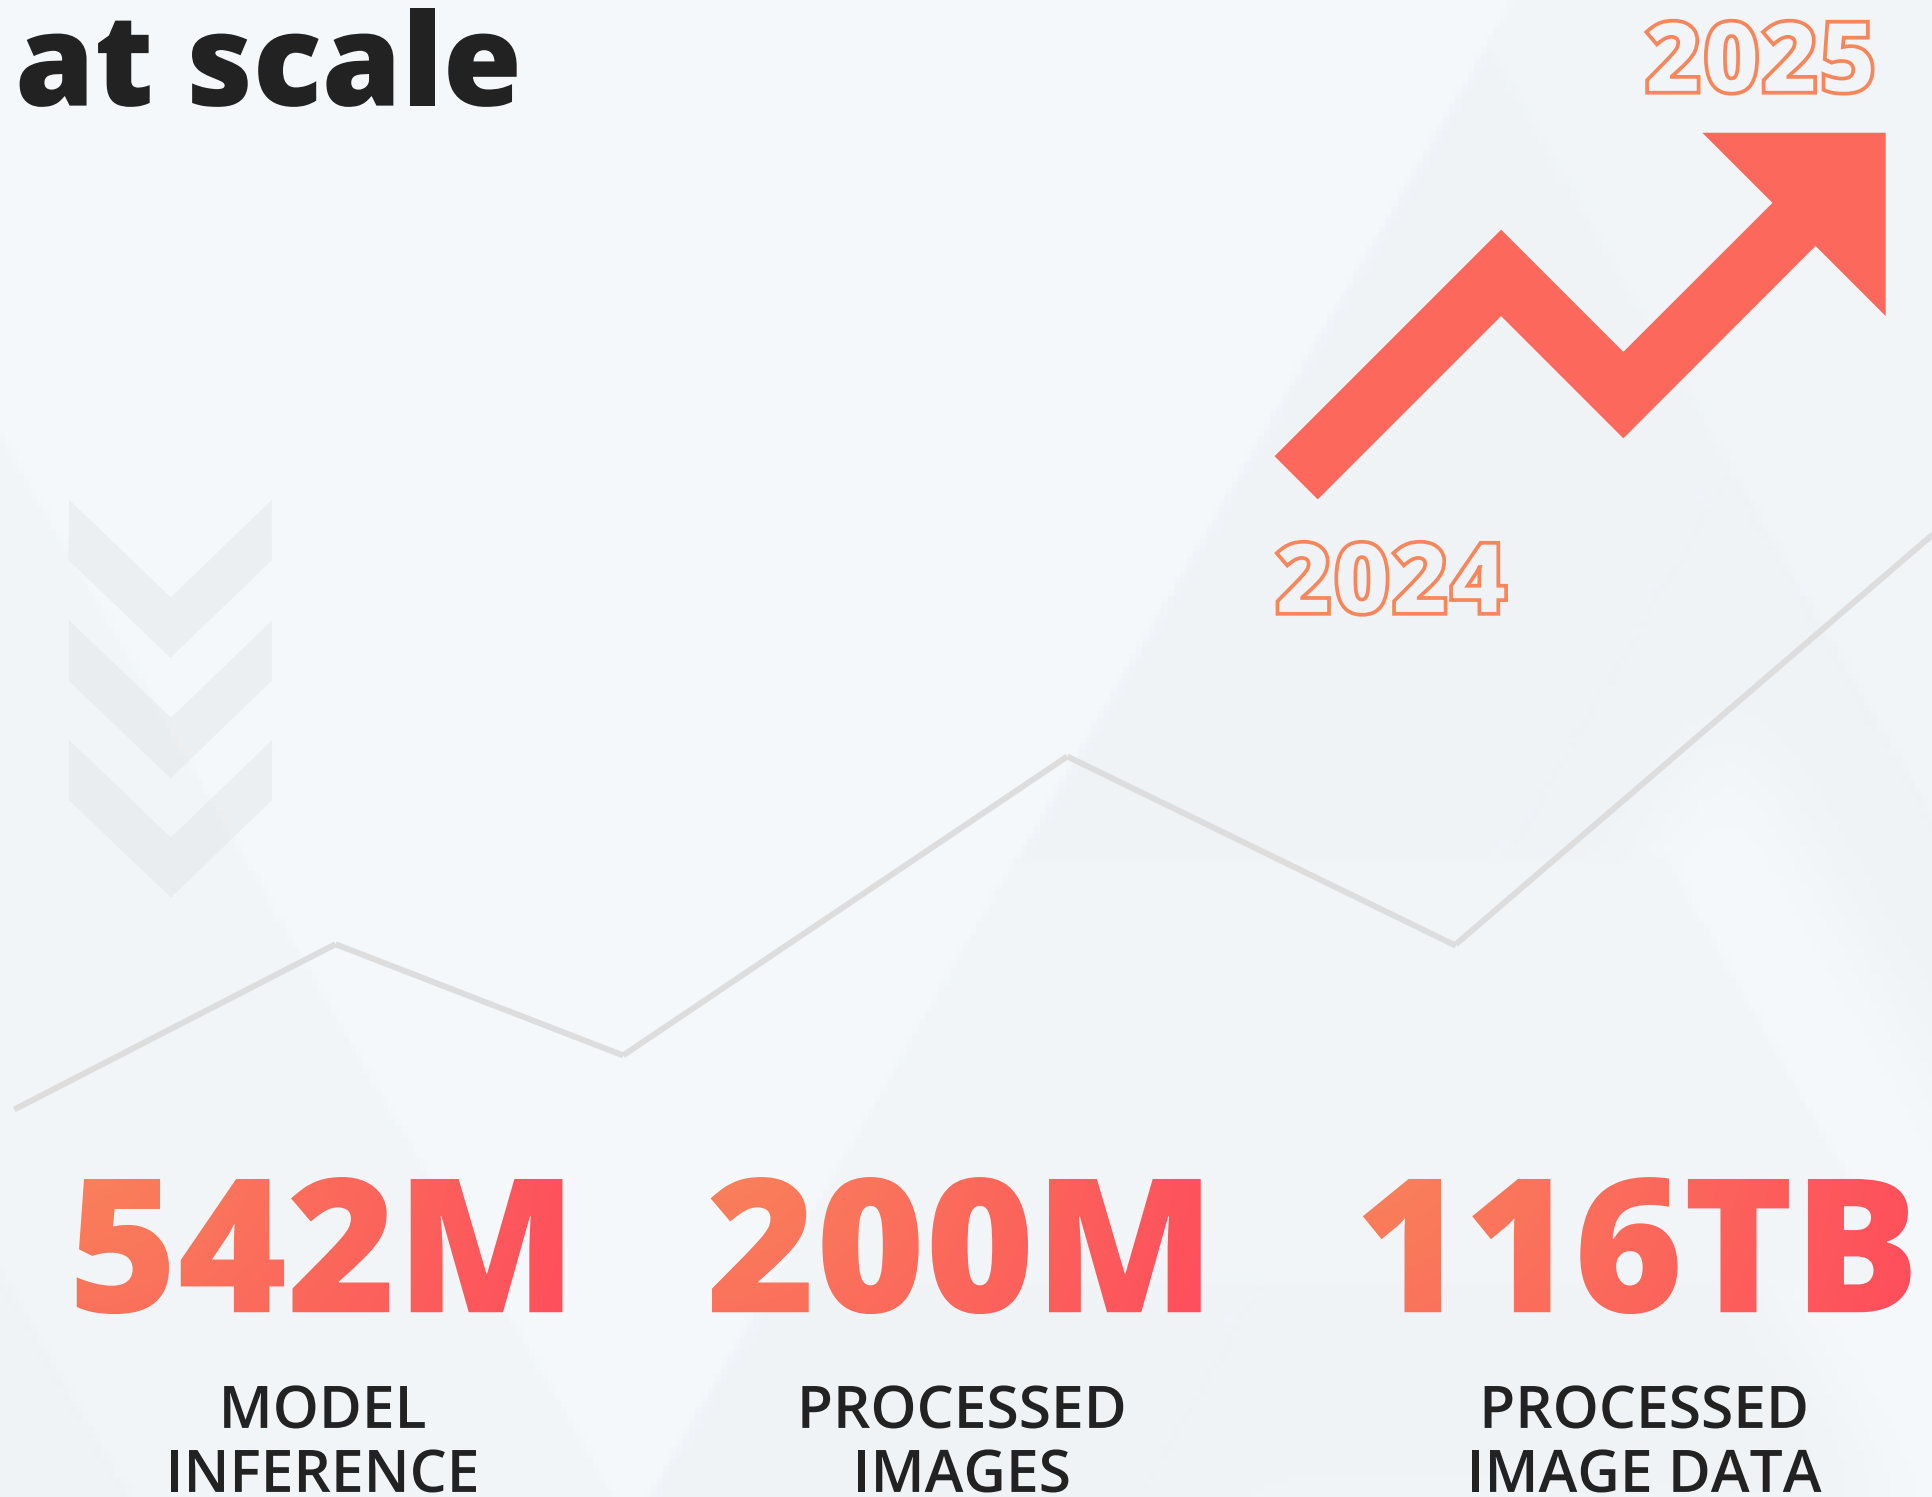

18

custom AI projects

tailored to each business

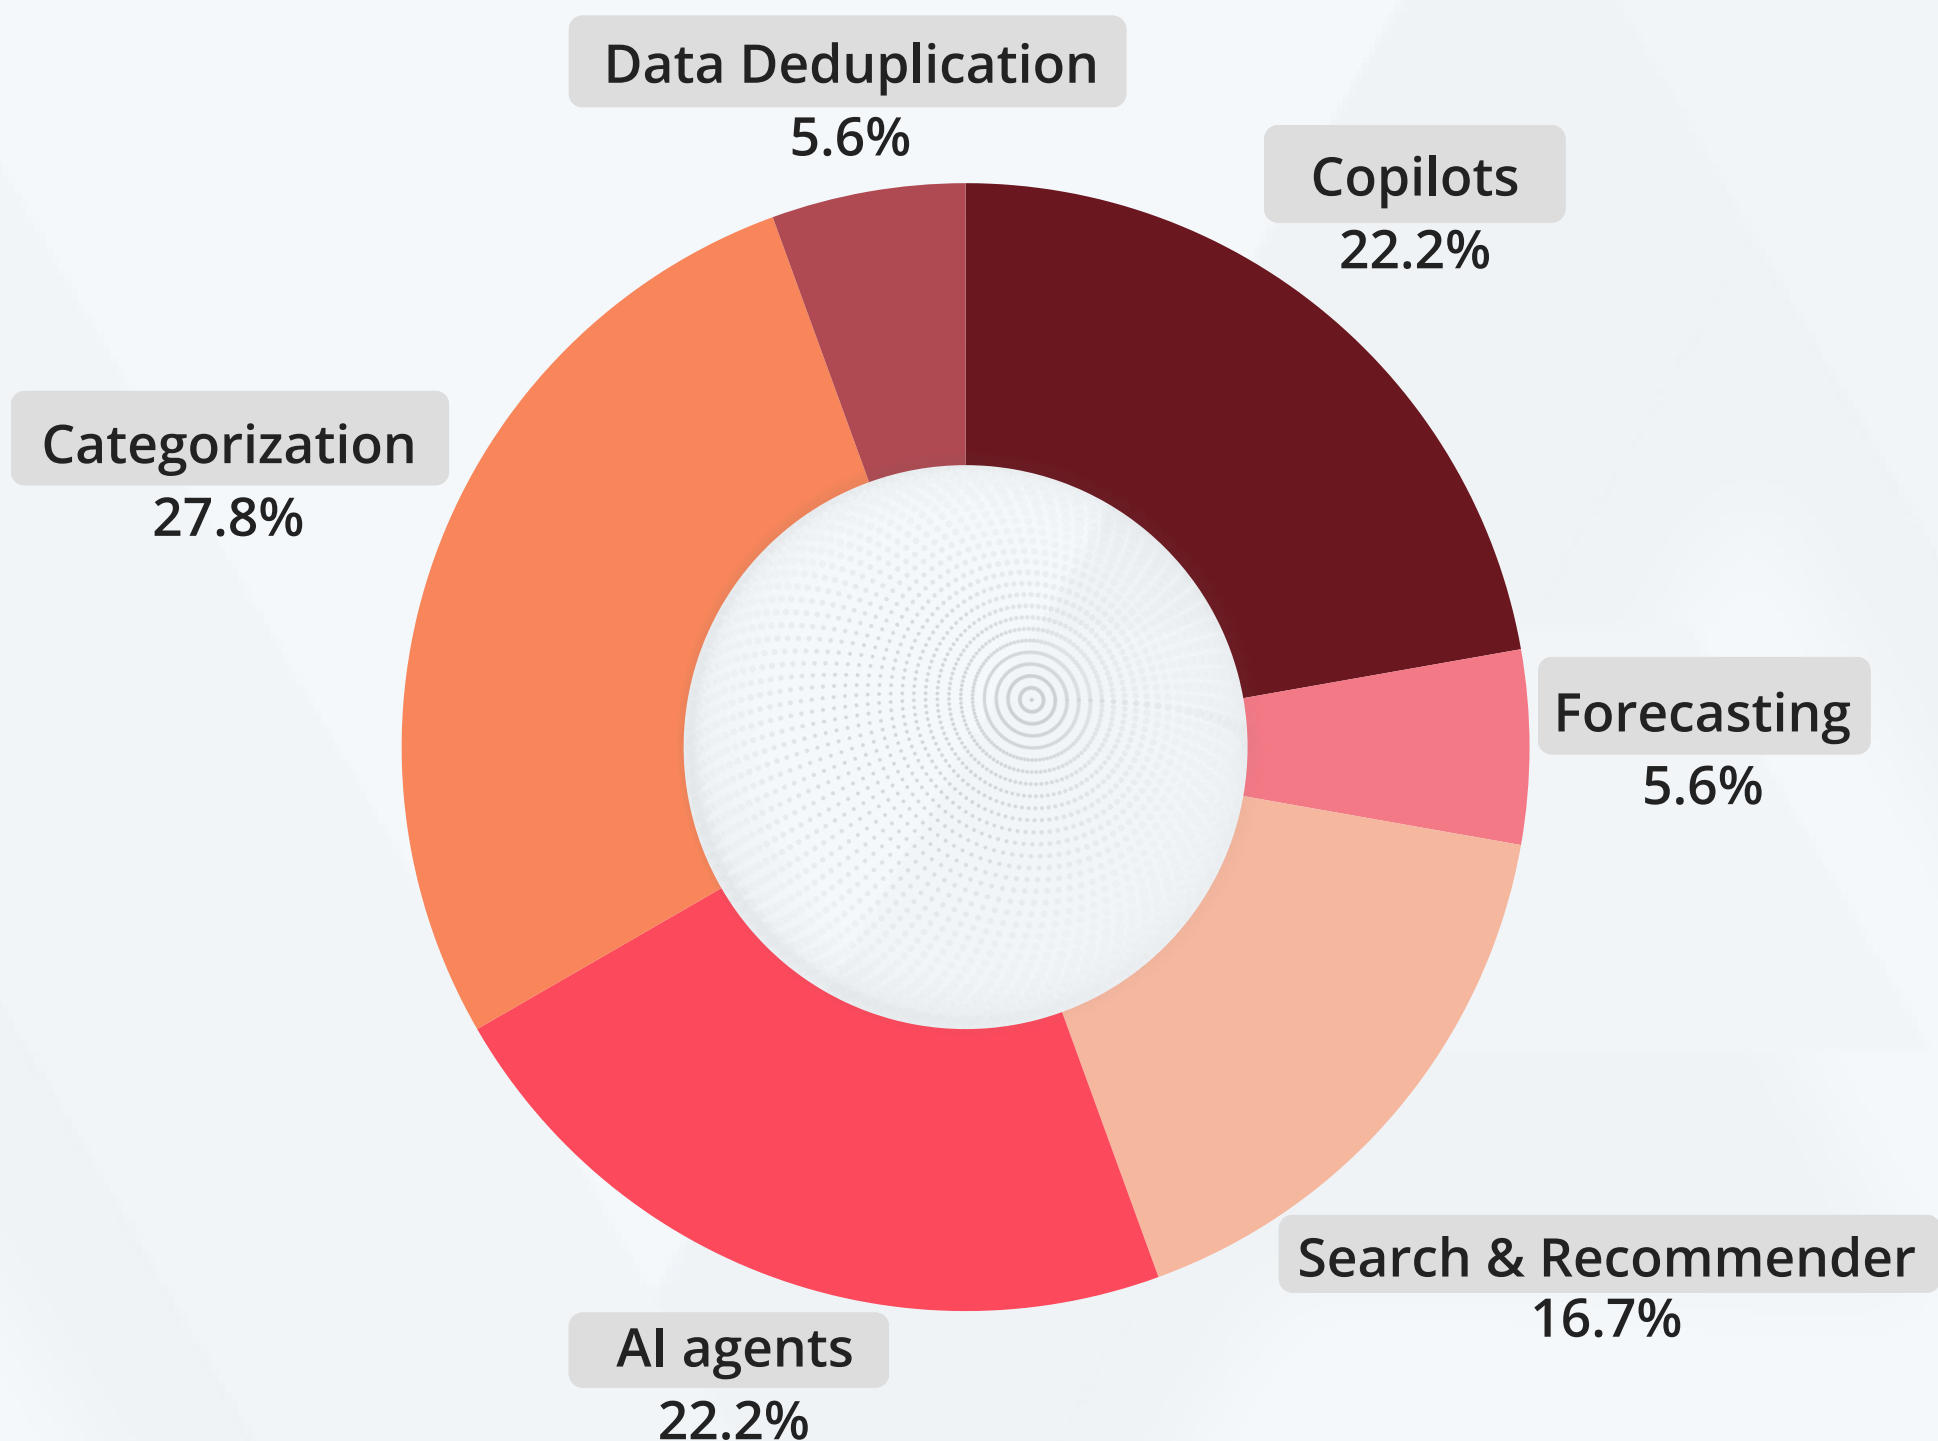

We're SUPER proud of our small & growing team and their achievements

Our production **at scale**

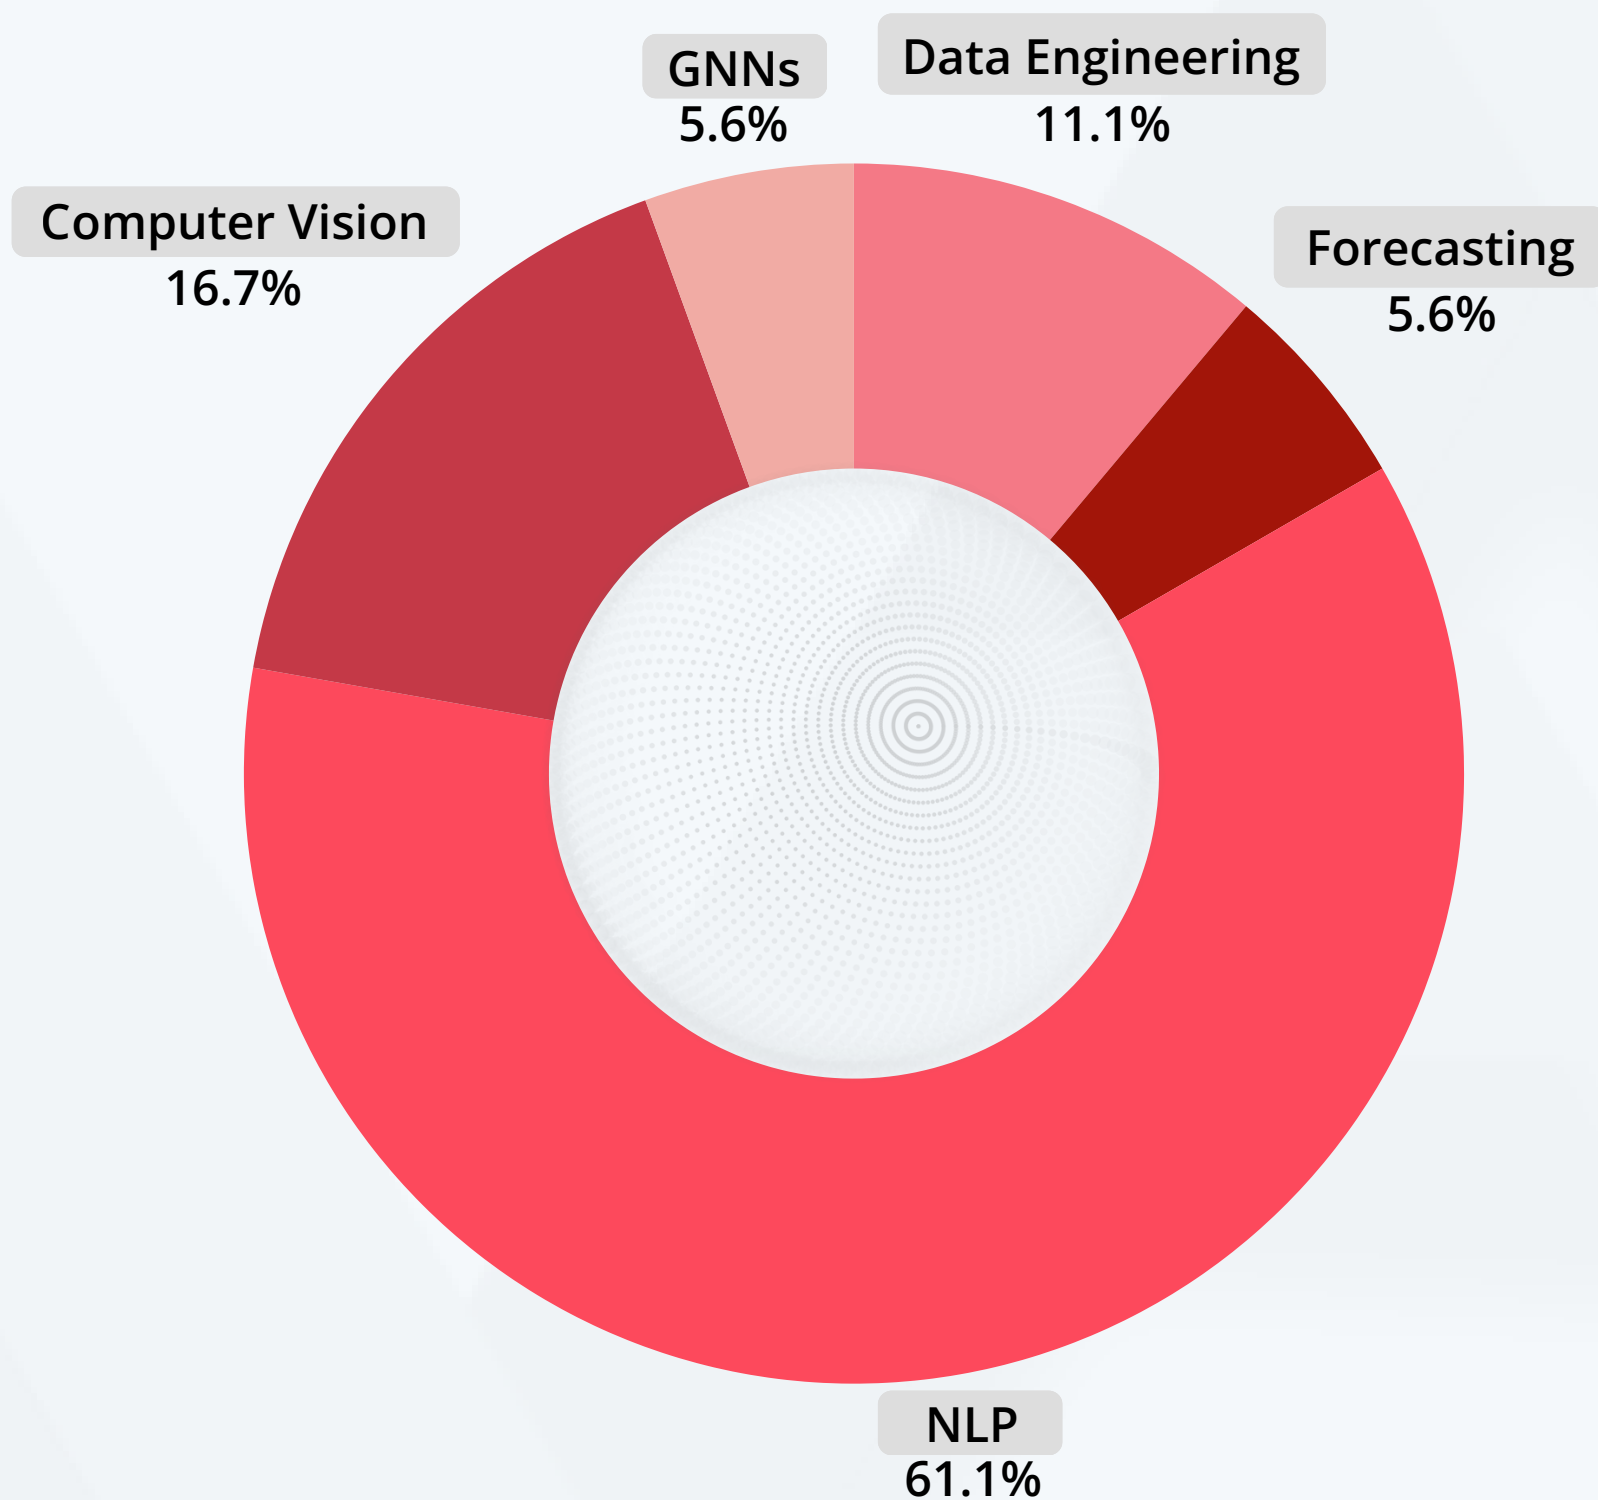

Just our models being busy doing their job reliably - no complaints so far. 😊

What our clients used AI for in 2025

We tackled different industries and challenges with the same goal: solve real business problems with AI!

The main AI domains we worked on

*Behind every project we do there is a mix of tech, curiosity
and a team that truly loves this stuff.*

Team growth & events

3 new hires

Strengthened ML, data science & sales capabilities

15 team hangouts

Moments that made this year even better

This year brought a lot of new energy and apparently unlimited enthusiasm for bowling, burgers and dancing.

We love it when the work speaks for itself, and even more when others speak about it too.

And a big thank you to all
our clients, partners and
anyone else following us on
our journey.

STAY TUNED FOR MORE NEXT YEAR :)
